IMOT REPORT

Please be advised that all ships (and small craft) bound to Israeli ports are required to transmit "IMOT report" when passing the 100 Nautical Miles range (25 Miles for small craft) from the coast of Israel.

The IMOT report must be sent to Israeli navy by FAX: +972 3 6064567 or E-mail: shipping@yam.netvision.net.il Israeli Navy will confirm receipt by Inmarsat/C. If vessel is not equipped with Inmarsat, or if communication fails, IMOT report should be sent through Haifa Radio (4X0).

Haifa Radio may be contacted according to the table below:

Upon passing the 25 Nautical Miles distance from the coast, a direct communication with Israeli Navy on Ch.16 shall be established.

Please note that the contact with the Navy can not be considered as a substitute to IMOT report.

TRANSMIT (Ship station)	RECEIVE (Ship station)	REMARK
Channel 16 VHF (Voice)	Channel 16 VHF (Voice)	After establishing contact Coast station will shift to working Channel.
Channel 70 VHF on <u>DSC</u> Haifa Radio MMSI: 004280001	Channel 70 VHF on <u>DSC</u>	Acknowledge from Coast Station will include Working channel on VHF.
2182 kHz or 2225 kHz (Voice)	2182 kHz or 2649 kHz (Voice)	If vessel is listening on 2649, must advise so when calling Coast Station.
2187.5 kHz MF on <u>DSC</u> Individual, Safety priority may be used. Haifa Radio MMSI: 004280001	2187.5 kHz MF on <u>DSC</u>	Acknowledge from Coast Station will include Working frequencies usually 2649 for Haifa Radio and 2045 for Ship Station. (Voice)
8255 kHz (Voice)	2649 kHz or 4385 kHz (Voice)	When calling the Coast Station you must advise the Reception Frequency.
E-mail: haifaradio@bezeqint.net Fax: +972 4 8699017		To be used if above communication fails
